## **Recognized Loudoun County Engineer Joins William H. Gordon Associates**

Leesburg, VA – September 29, 2006 – Mr. Roy Clark recently joined William H. Gordon Associates, Inc. (WHGA) as a Senior Project Manager in their Leesburg, Virginia office. Mr. Clark brings 33 years of experience in civil engineering, land surveying and landscape design, with a strong emphasis in site planning and design of commercial developments. Mr. Clark studied Business Administration for three years at Shepherd College in Shepherdstown, West Virginia, pursued engineering coursework at Northern Virginia Community College, and also received a Certificate from the Landscape Design Program at George Washington University. Mr. Clark was a founder of a local Loudoun County, Virginia civil engineering, surveying, and landscape architecture firm where he served as a partner for 12 years.

WHGA is a civil engineering, surveying, landscape architecture, land planning, site security consulting, and GIS firm serving both public and private sector clients. Established in 1976, WHGA has executed engineering studies and assessments, master planning, preliminary design, and final design concepts for thousands of construction plans. Headquartered in Chantilly, Virginia; WHGA branch offices are located in Winchester, Virginia; Leesburg, Virginia; Prince William, Virginia; and Charles Town, West Virginia.
