William H. Gordon Associates, Inc. (WHGA) Names New Director of Leesburg Office

Leesburg, VA – March 5, 2007 – Ms. Linda Erbs has been promoted to Director of WHGA's Leesburg regional office. Ms. Erbs brings over 30 years of engineering, land development, and land use experience to her new role at WHGA. As the Director of the Leesburg Office, Ms. Erbs will play an essential role in Business Development for the company, as well as management and oversight of the entire 36 person Leesburg staff.

Ms. Erbs prior experience and professional responsibilities include her recent role in the Leesburg Office as the Director of Engineering and Land Use Services for William H. Gordon Associates. She was also previously employed by Loudoun County where she held several leadership positions, including her last position as Chief of Engineering and Environmental Management.

Ms. Erbs has a comprehensive understanding of the Loudoun County regulatory environment, including the County's Revised General Plan, Zoning Ordinance, Land Subdivision and Development Ordinance and Facilities Standards Manual. Her familiarity with the regulatory staff, ordinances, and processes, as well as the County's

operating structure, departmental responsibilities, and elected and/or appointed officials are invaluable to the clientele served by William H. Gordon Associates. Ms. Erbs has facilitated economic development, mixed-use development land use proposals and County projects from both the public and private sector perspective. She currently serves on three (3) Loudoun County Board of Supervisors advisory committees, including the Fiscal Impact Technical Advisory Committee, the chairperson of the Water Resource Technical Advisory Committee, and the Facilities Standards Manual Public Review Committee. In addition, Ms. Erbs is a member of NAIOP's Government Affairs Committee and co-chairs the Loudoun Subcommittee for that organization.

About William H. Gordon Associates, Inc.:

WHGA is a multi-disciplined consulting firm providing civil engineering, surveying, landscape architecture, land planning, site security consulting, and GIS services to both public and private sector clients. Established in 1976, WHGA has assembled more than 160 professionals and support staff including consultants, engineers, planners, landscape architects, surveyors, hydrologists, and GIS specialists located within regional offices in Chantilly, Virginia and Leesburg, Virginia, and full-service branch offices in Winchester, Virginia; Prince William County, Virginia; and Charles Town, West Virginia.
