## Top 20 Engineering Firm Announces A New Director of Engineering

Chantilly, VA – March 26, 2007 – Mr. Kenneth D. Ellis, PE, recently joined William H. Gordon Associates, Inc. (WHGA) as Director of Engineering at their Chantilly, Virginia headquarters. In his new role, Mr. Ellis will be responsible for projects throughout the Washington Metropolitan Area, including the District of Columbia, and will manage and oversee a team of professional engineers.

Mr. Ellis brings over 20 years of experience to WHGA, and has provided professional services to a wide variety of municipal, state, federal, public, and private sector clients. He attended Catholic University, and graduated with a B.S. degree in Civil Engineering, and is a registered Professional Engineer in Virginia, the District of Columbia, and Maryland. Mr. Ellis has extensive experience in all aspects of design, construction, and administration of land-use development projects.

Mr. Ellis has worked on several notable projects within the DC Metropolitan Area, including work for George Washington Hospital, the U.S. Navy, the General Services

Administration, George Mason University, the University of Maryland at College Park, and Baltimore/Washington International Airport.

**About William H. Gordon Associates, Inc.:**

WHGA is a multi-disciplined consulting firm providing civil engineering, surveying, landscape architecture, land planning, site security consulting, and GIS services to both public and private sector clients. Established in 1976, WHGA has assembled more than 160 professionals and support staff including consultants, engineers, landscape architects, planners, surveyors, hydrologists, and GIS specialists located within regional offices in Chantilly, Virginia and Leesburg, Virginia, and full-service branch offices in Winchester, Virginia; Prince William County, Virginia; and Charles Town, West Virginia.
