Linda Erbs Named Senior Associate

Loudoun, VA – January 7, 2008 – Ms. Linda Erbs has been named a Senior Associate at William H. Gordon Associates. This is a reflection of her work as the Director of the Loudoun Office, overseeing multiple engineering projects, including One Loudoun, Moorefield Station, and the planning of the Commonwealth Center. Ms. Erbs brings over 30 years of engineering, land development, and land use experience to WHGA. As Director of the Loudoun Office, Ms. Erbs plays an essential role in Business Development for the company, as well as managing the entire 36 person Loudoun staff.

She spent 15 years with Loudoun County, serving as the Chief of Engineering and Environmental Programs. In her role there, she was responsible for building, developing, and managing the County's plan review engineers. She currently serves on four (4) Loudoun County Board of Supervisors advisory committees, including the Fiscal Impact Technical Advisory Committee, the chairperson of the Water Resource Technical Advisory Committee, the Facilities Standards Manual Public Review Committee, and the Loudoun County Economic Development Commission. In addition, Ms. Erbs is a member of NAIOP's Government Affairs Committee and co-chairs the Loudoun Subcommittee for that organization.

About William H. Gordon Associates, Inc.:

WHGA is recognized as a leading provider of professional consulting services to public and private sector clients in the Metropolitan Washington, D.C. region. Founded in Northern Virginia in 1976, WHGA has assembled more than 175 professionals and support staff, including civil engineers, land planners, landscape architects, surveyors, hydrologists, security consultants, and GIS specialists located within a regional network of five (5) offices. WHGA provides comprehensive, single-source services for the development and stewardship of land and/or facilities to address the needs of government and business.
