## Three New Associates Named at WHGA

Chantilly, VA – January 14, 2008 – Ms. Ann Butler, Mr. Oomer Syed, and Ms. Cindy Williams were all named as new Associates at William H. Gordon Associates, Inc., a top 20 engineering firm in the DC Metropolitan area. These employees were chosen based on the personal development they have made within the company, as well as their active professional involvement in respective organizations and communities.

### **About William H. Gordon Associates, Inc.:**

WHGA is recognized as a leading provider of professional consulting services to public and private sector clients in the Metropolitan Washington, D.C. region. Founded in Northern Virginia in 1976, WHGA has assembled more than 175 professionals and support staff, including civil engineers, land planners, landscape architects, surveyors, hydrologists, security consultants, and GIS specialists located within a regional network of five (5) offices. WHGA provides comprehensive, single-source services for the development and stewardship of land and/or facilities to address the needs of government and business.
